

### Why The Fiori Recruitment Solution

We facilitate all of your reemployment processes with user-friendly Fiori screens. Your Fiori Reemployment experience which meets the design expectations of the time and is comprehensible. It aims to make your Human Resources processes comfortable, accompanied by sequenced and ready-made steps.

### General Specialties of The Solution

The Job Posting Pool, which can be accessed through your company's official website, is a screen where personnel candidates can see all job postings opened by the company and candidates read detailed information about job postings you share. At the same time, the candidate can apply to the post he/she has chosen with his/her CV. All data sent by the candidate for the job posting can be easily pulled from SAP online or as a physical printout.

### Detailed Access

For detailed information and to benefit from our service, you can [contact us](#) via the contact link.

### Rapidsol The Recruitment Solution

Interview participants can evaluate the candidates on their tablets and computers. Details of other candidates applying for the post simultaneously can be accessed. In this way, other postings can be checked, and they can suggest another suitable position to the candidate.

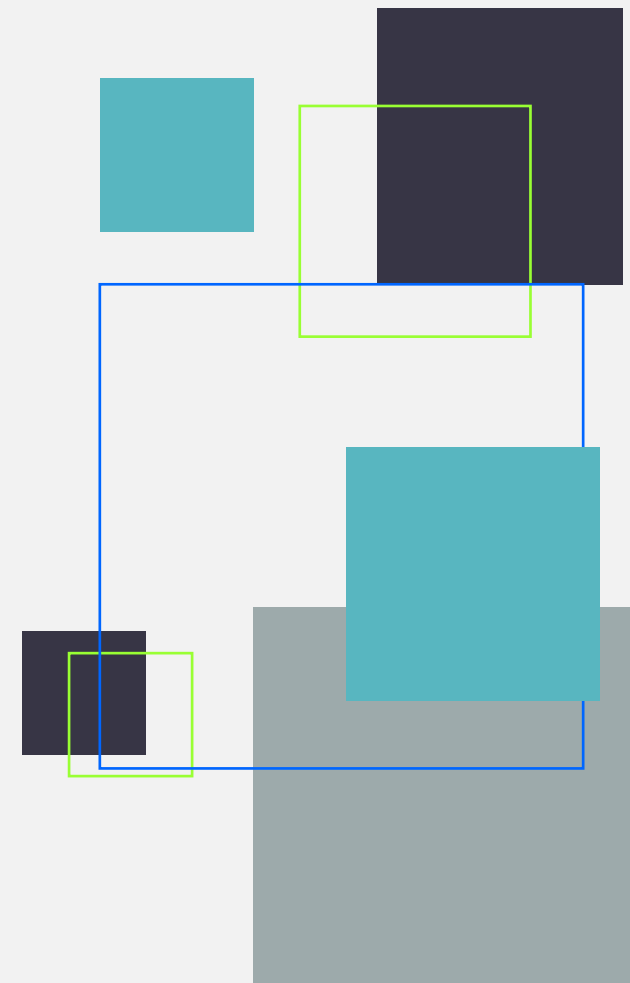

Candidates can be moved directly to the offer stage by the Reemployment specialist and a letter of offer can be sent to the candidate, while the previous offer can be viewed.

## Fiori The Reemployment Solution

The Job Posting Pool

Candidate Assessment

Recruitment Process Management

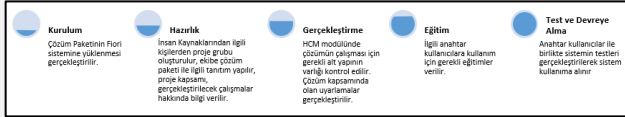

*"Easier recruitment processes with Fiori."*

### Setup and Carrying to Live

For the implementation of the solution package, which has been worked on and is being used in many enterprises, a project management plan is created by our project management office, in which we can implement the fastest and healthiest application.

### Prerequisites

There are no prerequisites required for applications to be deployed. It is necessary to be a Fiori user only for Fiori reporting.

### Control Cockpit

In the related GUI-connected screen, a line is added with the "Add" button at the top. The Company Code to be opened is selected from the resulting line and the vacant position where the job posting created in the Organization Chart will appear is selected. Then the date of the announcement and the end date of the announcement are selected. Accordingly, it will be displayed in the Job Postings Pool, which can be accessed through the company's website.
