

### Why Organizational Visualization Solution

In our organization management service, we systematically create working persones in the their positions, we build the authorities and duties of the company's positions on efficiency for a healthy continuity of your business. With the «Organization Chart Wizard», you can have a beautiful visualization of the outputs created over the healthy data structure.

This situation aims to keep your risk of low productivity at a minimum level after a possible personnel change.

### General Specialities of The Solution

Apart from the administrative supervisors, we allow the job-specific matrix managers to be followed through the organizational chart.

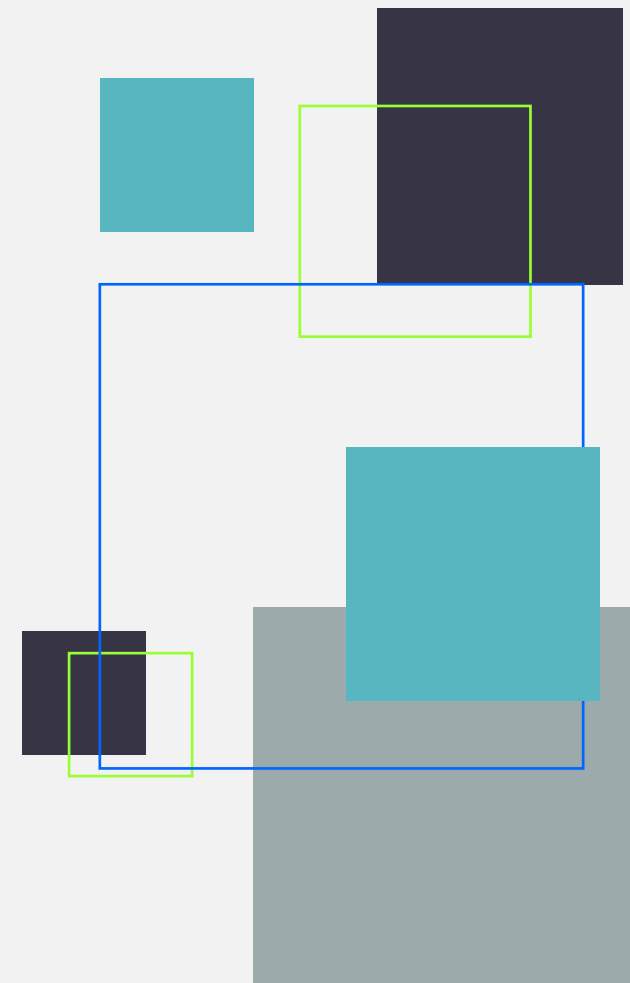

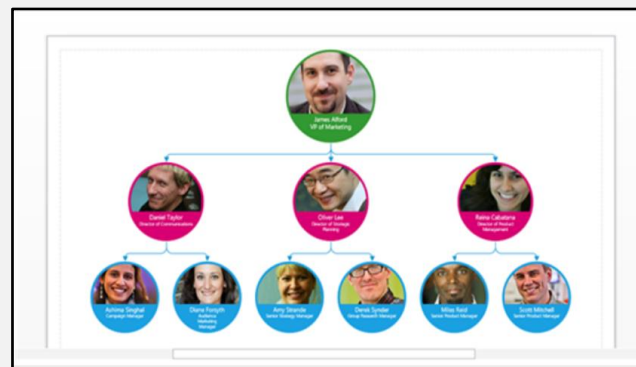

We keep follow of the personnel on the basis of position or organization. In addition, we keep the missing/excess norm staff reports visible in the database.
