# **Why** Time Management Overtime Approval Applications Fiori Solution

Rapidsol SAP HCM Overtime Approval Fiori Application Solution carries out overtime following processes on the SAP HCM system. It has been developed for businesses that need to list, approve and reject overtime demands to perform these operations through the Fiori application.

#### General Specialities of The Solution

With the FM Approval application in Fiori, the users who are the managers of their own organizational unit can view the overtime of the working personnel under them and they approve or reject these overtimes for certain reasons.

#### **Detailed** Access

For detailed information and to benefit from our service, you can <u>contact us</u> via the contact link.

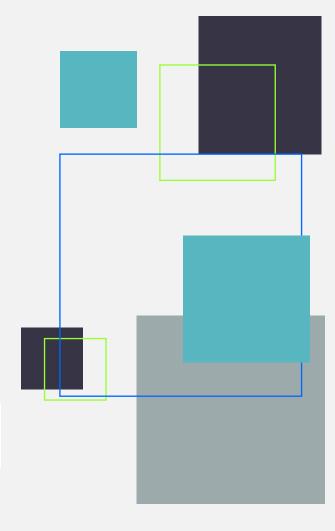

**Rapidsol** Time Management Overtime Approval Applications Solution

The solution enables to list, approve or reject the overtime of the personnels by reading the personnel payroll results to determine the company-specific reasons for the approval and rejection processes.

### Setup and Carrying to Live

For the implementation of the solution package, a project management plan is created by our project management office, in which we can implement the fastest and healthiest application, and the studies briefly summarized below are carried out and the system is put into use.

#### Prerequisites

There are no prerequisites required for applications to be deployed. It is necessary to be a Fiori user only for Fiori reporting.

#### Control Cockpit

Overtime Approval application can be viewed in two ways as detail or summary view. When logging into the application, the Approved/Pending/Rejected/All overtime hours of the personnel connected to the user are drawn from the payroll results of the personnel and they are displayed on the screen. It takes into account the date selected by the user.
