Setup and Carrying to Live

For the implementation of the solution package, a project management plan is created by our project management office, in which we can implement the fastest and healthiest application, and the studies briefly summarized below are carried out and the system is put into use.

Kurulum
Çözüm Paketinin Fiori sistemine yüklenmesi gerçekleştirilir.

Hazırlık
İnsan Kaynaklarından ilgili kişilerden proje grubu oluşturulur, ekibe çözüm paketi ile ilgili tanıtım yapılır, proje kapsamı, gerçekleştirilecek çalışmalar hakkında bilgi verilir.

Gerçekleştirme
HCM modülünde çözümün çalışması için gerekli alt yapının varlığı kontrol edilir. Çözüm kapsamında olan uyarılar hakkında bilgi verilir.

Prerequisites

There are no prerequisites required for applications to be deployed. It is necessary to be a Fiori user only for Fiori reporting.

Control Cockpit

While running the report, one or more responsible groups can be selected. For the personnel of the selected responsible group, the "Comparison Period Interval" to be compared with the "First Period Interval" is entered. For cases where it is not desired to consider overtime on public holidays as overtime, the option to consider overtimes on public holidays as normal work has been added.
