Why Personnel Web Service Integrations Solution

We provide integration between systems that have more than one use within the organization.

In case different Human Resources programmes are in use, we create service integrations that allow systematic management of the integrated structure. We prevent data loss and perform master data synchronization.

General **Specialities** of The Solution

In addition to Success Factors integrations in User SAP Personnel Management and Payroll processes, we systematically position integrations with other systems.

Whether you have a personal data partnership problem with your OHS Solutions or you have problems in Organization Management, we eliminate data loss while providing an integrated partnership with this model.
